Subject: Request re: Program Issues
Importance: High

Greetings Regional Colleagues,

I hope you all are enjoying the summer – it wouldn't be so bad here if it would just stop raining – literally and figuratively!

The reason for my email is to request that for any issues that arise in the regions regarding Title X or regional staff that support the Title X program, please include me in your email, or if you have placed a phone call and have not received a return call, please give me a call so I can help. We are all on overload right now, and want to ensure that we respond in a timely fashion to any issues or questions. This includes answering grantee questions, requests for changes in scope, interpretations of policy, etc.

Thanks so much, and please let me know if you have questions.

See some of you very soon!

Best,

Sue

Hi I didn't get home from HHH last night until 10:30 so I'm moving a little slow this morning. I may not make it by 9:30 - could we meet after the staff mtg if I don't make it?

Hi Diane, Valerie, and Laura,

It was a pleasure sitting down with you and Congressman Bishop on Utah's Title X funding and the new proposed rule. I have been in touch with the Utah Department of Health and they have included below the exact codes of the state law we discussed, which requires parental consent before treating minors. This law only applies to state health clinics as we suspected, not private, which allows Planned Parenthood to be the sole recipient of the funding. Congressman Bishop is eager to submit language during the open comment period with the help of Utah's Department of Health and we would greatly appreciate any assistance from your office in tailoring language to support Utah's application. Understanding that ample precedent exists prohibiting Title X funding from requiring parental consent, the Congressman is hoping to enter comments that will encourage respecting this state law and the requirements for Title X.

Could I get your thoughts on how this law interacts with the new rule and Utah's application? I am happy to discuss by phone as well.

Thank you all for your time and help in this matter.

All the best,

Carolyn

State of Utah law states the following:

Title 76 Utah Criminal Code Chapter 7 Offenses Against the Family Section 325

Notice to parent or guardian of minor requesting contraceptive -- Definition of contraceptives -- Penalty for violation.

76-7-325. Notice to parent or guardian of minor requesting contraceptive -- Definition of contraceptives -- Penalty for violation.

(1) Any person before providing contraceptives to a minor shall notify, whenever possible, the minor's parents or guardian of the service requested to be provided to such minor. Contraceptives shall be defined as appliances (including but not limited to intrauterine devices), drugs, or medicinal preparations intended or having special utility for prevention of conception.

(2) Any person in violation of this section shall be guilty of a class C misdemeanor.

Public funds for provision of contraceptive or abortion services restricted.

76-7-322. Public funds for provision of contraceptive or abortion services restricted.

No funds of the state or its political subdivisions shall be used to provide contraceptive or abortion services to an unmarried minor without the prior written consent of the minor's parent or guardian.

Title 76 Utah Criminal Code Chapter 7 Offenses Against the Family Section 323

Public funds for support entities providing contraceptive or abortion services restricted.

76-7-323. Public funds for support entities providing contraceptive or abortion services restricted.

No agency of the state or its political subdivisions shall approve any application for funds of the state or its political subdivisions to support, directly or indirectly, any organization or health care provider that provides contraceptive or abortion services to an unmarried minor without the prior written consent of the minor's parent or guardian. No institution shall be denied state or federal funds under relevant provisions of law on the ground that a person on its staff provides contraceptive or abortion services in that person's private practice outside of such institution.

Federal Title X funding (42CFR59) says that services will be provided "Without regard to religion, race, color, national origin, handicapping condition, age, sex, number of pregnancies, or marital status".

We know of two court cases pertaining to these Utah restrictions:

Planned Parenthood vs. Matheson - 1983
Jane Does 1-4 vs. State of Utah Dept of Health

Date:	2018/07/31 18:39:39
Priority:	Normal
Type:	Note

Hi all

Please see the attached signed contract. It was fully executed earlier today.

Yesterday Chanteau received an email from the new contractors asking to meet Thursday at 1p. One of the areas they have on their agenda is to discuss getting access to the Federal Document Management System (FDMS). Access to this is critical as it will allow for them to respond to the comments.

We understand that Oneika is familiar with this system and getting access. Chanteau and I will follow up with her as well as with the contractor to facilitate this process.

We will provide an update no later than Tomorrow evening

All the best

Hi Valerie and Chanteau

I wanted to provide you and others with the status of the contract
It has been finalized and the contract will either be sent over to the offeror tonight or tomorrow for
their signature.

I will be at HHH tomorrow and we can have a discussion about the next steps if you are available
I will have a copy of the proposal with me as well as a Conflict of interest/Nondisclosure agreement if
you would like to review the proposal as the information is procurement sensitive information.

During the week of 30 July I will set up a meeting with Chanteau, who will be the COR, to brief her on
the solicitation, proposal, and general background for the official handoff.
